

**CLARIFICATIONS ON FPRI SOLICITATIONS
DACA45-03-R-0027, R-0028, AND R-0029:**

1) The purpose of obtaining a percentage range for insurance in Section B is to assess the contractor's performance risk as it relates to **Section C** of this solicitation. The Government understands that the insurance premium pricing provided for the sample project in Section J is not based factual quotes. However, this number is given so that the offeror is not required to contact the insurance firms for pricing since it is fictitious site. It is neither necessary nor required to obtain further information on insurance pricing as it relates to the sample project.

Offerors are to inform their insurance firms for the purpose of coming up with the percentage range in Section B, that a task order may range in price from \$2,000,000 to the total contract capacity, be it \$100,000,000 for R-0028, or \$200,000,000 for R-0027 and R-0029. It is unknown what a typical task order cost will be at this point in time.

2) Section L Page Limitations: Offerors are not required to use the suggested page limits for Sections 1-4 of Volume I – they can adjust the suggested page limits to fit their needs. However, offerors cannot exceed the total 70 pages for those Sections. In Solicitations R-0027 and R-0029, Large Business is given an additional 25 pages to use under Section 5 of Volume I – Utilization of Small Business Concerns. However, if all 25 pages of this Section 5 are not used by the Large Business, they cannot be used to supplement Sections 1-4.
